

SENIOR OFFICER DEBRIEFING REPORTS

VIETNAM WAR, 1962-1972

Listing and Cross Index of Reports in MHI's MACV Historian's Collection.

BACKGROUND: The Senior Officer Debriefing Program began in 1963 under the auspices of the Assistant Chief of Staff for Force Development (ACSFOR). High-level commanders and other key officers prepared written end-of-tour reports after completing their assignments overseas in various countries, most notable those in Southeast Asia. ACSFOR reviewed the individual reports, then distributed them for action or information. The Combat Developments Command (CDC), in particular, further processed the information.

The following list shows author & grade, assignment, time period, pages, and format (HC=hard copy; MF=microfiche).

The index follows p. 14
