NORTH VIETNAMESE ARMOR

Enemy armor engaged in combat on only four recorded occasions during the period of US ground combat in Vietnam, 1964-1972. The first outright battlefield engagement was the overrunning of the US Special Forces camp at Lang Vei, near Khe Sanh, 6-7 Feb 1968. (An earlier 4 May 1967 attack on Lang Vei involved NVA tanks in a supporting role.) The 1968 infantry-armor assault involved a dozen 12 Russian-built PT- 76 light tanks. See:
