Regiment. France, GHQAEF, 1918. 102 p. U166.2.I56.

Utilization and Role of Artillery Aviators in Trench Warfare. Wash, DC: GPO, 1917. 24 p.
UG446.U8413.

AWC translation from a French translation of a captured German document.

ALLIED DOCTRINE/TECHNIQUE-American

NOTE: Because of its belated participation in the war, the US Army relied heavily on published doctrinal literature of the British and French. Some manuals were borrowed and used directly; others were reprinted with US covers or, if French, after being translated into English. In some cases, the information was adapted or subsumed into AEF doctrinal literature.

"Accurate Shooting in Trench Warfare." Field Artillery Journal (Oct/Dec 1917): p. 440. Per.
